WELLNESS EXPERIENCE

GRAFF, have launched the exquisite shower line with Thermostatic shower columns for wellness experience. The shower collection comes with the choice of traditional cross handles, porcelain handles or metal handles. The collection is available in several finishes. Thermostatic Shower Columns by GRAFF come with the advantage of a thermostatic unit in place of a mechanical mixer: water can be set on the favourite temperature level and kept constant during the whole shower, even when some other water outlet is used in the same house.
