## DURABLE MARBLE

**Classic Marble Company** has built a unique bathtub, which is made up of Grigio Billame, the all new durable Kalinga Stone marble. These free-standing bathtubs can be designed as per individual needs. The bathtubs are carved to give a luxe touch to bathrooms. The bathtubs are exotic and curvy with leather or silken textures or with nature-inspired motifs. They are also available in varied designs, shapes and colours such as brown, grey earthy and traditional whites. These engineered marbles gives a bespoke look to the bathrooms. It can also be used in the installation of wash-sink, countertops, flooring and wall clads. The Kalinga Stone marble is highly durable, dent resistance, chipping, abrasion and stain resistance.
