GRAFF®

The manufacturer of contemporary precision-engineered kitchen and bath products launched MOD+ Collection. A comprehensive collection of faucets, tub fillers and shower components epitomizing modern luxury, weaving iconic threads of color, material and functionality together, for a design that is undeniably distinct in versatility and aesthetic. The handle covers are available in marble finishes- Black, White, Green- and in brass. The brass selection can be further elevated with the application of any of GRAFF's eighteen signature finishes and the entire assortment can be seen at www.graff-designs.com. Each product of the MOD+ Collection is shaped into a confident stoic body, which perfectly matches everything from classic to modern décor.

All products are equipped with thoughtfully manufactured brass bases and knurled detailing, mixed to create a cohesive focal point for the bath. The deliberate use of stark elegant contrasts between the brass finishes, marble handles, and a clip on the side of each handle, creates movement and an additional opportunity for customisation.
