

# New on the market

## 'BEYOND COLLECTION' BY ROCA

Roca's new range moves beyond functionalities to spaces resonating elegance, innovation and design with clear assertion on elegant curves and soft lines that embodies modern design creating an alluring and forward-looking bathroom spaces.

Beyond WCs feature rimless technology fitted with a water distributor to maximise flushing performance. These comes in three designs - wall close-coupled WC, single floor-standing WC and wall hung WC with Supralit soft-close seat and cover.

Adapting to all size and space, the wide range of Beyond basins marry organic curves and soft lines capturing a visually appealing contemporary bathroom look and is resistant to chemicals and UV light.

## OUTDOOR TABLE-TOP SLABS BY STONELAM®

Stonelam® Laminam gave rise to a brand new concept of bold yet simple designs of table top slabs that give a pristine and neat look to entire décor while creating a sense of luxury and style.

Produced using advanced technologies; it teams reduced thickness and large size with high resistance to wear, to scratches, to deep abrasion and to bending. It is easy to sanitize, resistant to frost, fire, mold and mildew, and to the effect of UV rays. All the characteristics and chromatic properties of the slabs are unchanging, designed to stand the test of time in all atmospheric conditions.

## LUNA FAUCETS BY GRAFF

Winner of the prestigious Interior Design Best of Year Awards in the Bath section, LUNA's singular design USP lies not only in its distinctive shape, but also in its mirror-like finish. Its black and white finishes are two of the most resistant finishes among the extremely variegated portfolio offered by GRAFF. Both obtained through a powder coating process, making the products resistant to scratches, chipping, abrasions, corrosion, fading, and other wear issues. Equipped with an aerator, the faucet has a flow rate of 8 litres per minute with a 3 bar pressure.
