RE
DESIGN

SOLAR

Graff presents Solar, a faucet collection defined by minimal design and comprising a geometrical composition of cubes, rectangles and right angles that align in the opening as well as closing positions. The entire series features rectangular-shaped handles that perfectly match the faucet's cubic shape. Its mono components are equipped with eco-friendly aerators that help save water by reducing flow from 11 to seven litres per minute.

K-LITE

Through their innovative outlook, K-Lite Industries has newly launched an all new product portfolio under the architectural lighting segment. The application includes façade and pathway lighting, in-ground luminaire, uplighters, vertical light bars, wall washers, area lighting poles, and above all, the sleek polar lighting solutions.

The solutions offered are backed by extensive understanding of illumination in urban spaces and the expertise gained over a period of three decades. Sleek Polar Lighting Solutions is a compact solution without visible mounting equipment and optimised integration.

PERGO LIVING EXPRESSION COLLECTION

Highlighting the natural character of wood, down into the bevels, the Living Expression range is completed with Pergo's trademark technology TitanXTM and PerfectFold™ 3.0 that keep its elegant finish for years as well as aid quick and easy installation. The collection features Pergo Genuine™ wood texture, a lightly polished structure that follows the wood grain in every detail, complemented by a silk matt finish. Its durability makes it suitable for all-round domestic use, making it stand against wear, stains and fading.
