RETAIL FACELIFT

Built in 1964, the East Hills Mall in St. Joseph, Mo., has long drawn customers from the Missouri/Kansas border surrounding metropolitan Kansas City, but its appeal was aging. As part of a major renovation, the design team of Hollis+Miller Architects (Lee's Summit, Mo.) and ComArts (Boulder, Colo.) specified Envelope 2000 metal composite material from **Citadel** to highlight strategic entrances. The Reveal System attachment method incorporated perimeter moldings and was finished in Regal Red and Regal Blue. Visit www.citadelap.com or **Circle 435**
