Graff Presents Aqua-Sense Shower

GRAFF, the worldwide manufacturer of innovative faucets and shower systems has now introduced Aqua-Sense shower.

Aqua-sense is a full sensory shower program inspired by the feeling and luxury that one experiences at spas. The shower system is created for demanding customers who want to achieve both an innovative and high-style design. The Aqua-Sense range combines a shower system that defines the concept of home wellness with a true sensual experience created through the mix of water, colours and sounds.

The electronic system with ceiling-mounted shower-head creates a very intense central rainfall effect as well as a waterfall jet. The RGB LED changes color,

shaping diffused chromatic lines to produce a soothing effect of the bathroom environment. The system is controlled by a touch-screen with simple and intuitive interface controlling water functions, color changes, music and videos. Music can be easily uploaded by connecting an i-Pod to a wall-mounted USB port, while the speakers are ceiling-installed.

The system is well equipped with hand-shower and adjustable side body-sprays. From watching videos and listening to music to enjoying color therapy, the Aqua-Sense shower system provides a multimedia experience through the use of touchpad technology.

EmanuelaTavolini, Sales Director of Graff Europe says, "Our new collections cross design borders. We are constantly committed to offer the highest quality standards, thanks to chromatic effects and technological solutions designed for a clientele looking for a completely new and original product. Our design intends to never be an alternative to the practicality and functionality of our systems."
