

**MISO ROBOTICS  
FLIPPY - YOUR KITCHEN ASSISTANT**

Miso Robotics is bringing artificial intelligence into the restaurant kitchen and taking another leap forward in the arena of innovation by integrating robotic arms, sensors and cameras into a 'kitchen assistant'. It can identify patties on a grill, track them as they cook, flip them over and place them on the bun when done, making cooking several burgers a task to enjoy.

**GRAFF  
TEPHI BATHTUB**

Contemporary in its design, Tephi by Graff brings forth a minimalistic appeal. Its bathtub is manufactured entirely out of Sleek-Stone - a new technology that combines dolomite marble with a unique resin, to create a solid compound that has the same appeal as natural stone. Sleek-Stone's stain and UV resistant properties make the surfaces easy to clean, with minimal maintenance.
