

## ADD A TWIST OF INDULGENCE WITH THE QUEO'S 'F-COURBE COLLECTION'

**C**ourbe, French for curve is bending the rules of indulgence and creating never-before spaces and crafting luxury in a new light.

The drama of the curve is expressed through the brilliant finishes of the washbasins and WC's designed by Oki Sato, making them ideal for both a classic style and contemporary interiors.

The faucets and accessories such as paper holder, towel holder and robe hook, designed by Lorenzo Damiani, are guided by mechanically bent chrome pipes, which subtly underlines the entire collection. ■

## GRAFF® UNVEILS ITS STUNNING NEW HARLEY FAUCET COLLECTION

**G**RAFF®, manufacturer of contemporary precision-engineered kitchen and bath products, is excited to unveil its stunning new Harley Faucet Collection. The design of the contemporary collection was derived from the stylings of classic motorcycles, fusing an industrial aesthetic with details nostalgic of the all-American icons.

Each element of the faucet was carefully considered with the handle deliberately knurled to prevent slipping and prompt ease of use. An ergonomic shape serves as the basis for this design, allowing for a variety of operation techniques to be utilized. The faucet's internal workings also create a seamless user experience, with the internal, progressive cartridge transitioning water temperature and flow rate with a simple turn of the handle, minimizing any unnecessary use of hot water. ■
