

## Kajaria's Kerovit Widens Bath Range

With a changing tide of sanitary ware requirements in the country, tile manufacturer Kajaria has entered the bathroom space with the launch of an exclusive range of faucet & sanitary ware under the brand name Kerovit. Products include vanities, counter tops, water closets, and a new faucet series called Joy.

Kerovit vanities are eloquent in design, comfort, convenience, and hygiene. They make the bathroom look more organized and appealing. Ranging from glossy to antique ones with a wooden finish, these vanities are user-friendly as well as appealing.

The stylish Joy collection of faucets are unconventionally shaped and mixes and matches with different counter tops and basins to enhance the bathroom.

## GRAFF unveils luxurious finish Brushed Gold Collection

GRAFF®, manufacturer of contemporary precision-engineered, luxury kitchen and bath products, has expanded its range of finish offerings with the addition of an 18K Brushed Gold. The new finish accentuates the gracious, curvilinear lines and ornate details that come together with GRAFF's extensive range of refined fixtures. The assortment is a fusion of traditional and modern styles, where finishes help to illustrate the larger design motifs at work.

The 18K Brushed Gold grants bath fixtures heightened levels of durability made available through GRAFF's technological expertise. Taking note of growing trends, the finish provides a brushed texture with a subdued, yet sophisticated luster that plays to both minimalist and maximalist tastes.

President and CEO of GRAFF, Ziggy Kulig, comments, "Currently, styles that evoke warmth and opulence are making a significant comeback, with gold-hued details at the forefront of the trend. The addition to 18k Brushed Gold is not only indicative of shifts in design preferences, but of GRAFF's pulse on marketplace trends."
