

THE VEIL WALL-HUNG BY KOHLER

A compact, elongated toilet for extra comfort while taking up the same space as a normal round bowl. The seat cover is slightly recessed behind the tip of the bowl to complement the overall design element.

AMETIS & AMETIS RING BY GRAFF

"Ametis shower column and showerhead represent two of the most innovative and sought after products in the Indian market. With its unmistakable shape, the Ametis mixer is a perfect combination between a functional element and a design object that furnishes the bathroom with an exclusive touch. With waterfall and rain function, a full-spectrum LED RGB color therapy lighting system and many features of high-tech engineering."

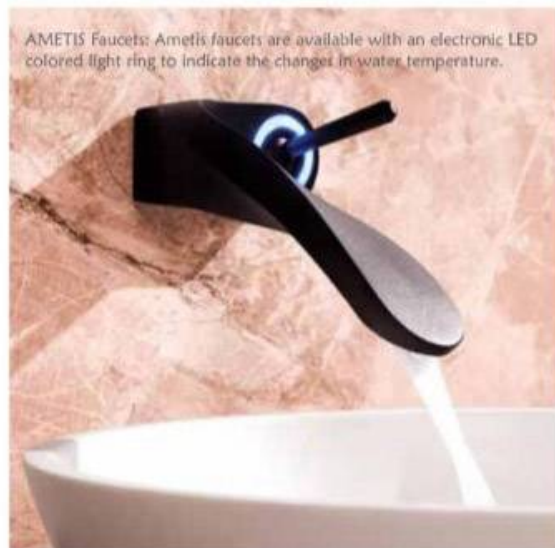

Ametis Ring (Showers):
Manufactured in steel, for a long life guarantee, Ametis Ring integrates a full-spectrum LED RGB color therapy lighting system with 6 colors

Emanuela Tavolini,
Director of Sales
Europe, GRAFF

"Another aspect we believe will be a successful challenge for GRAFF is the increasing demand of special finishes in the faucets field. Recently, GRAFF launched a new, 18K Brushed Gold finish for both contemporary and traditional collections. The finish, a twist on standard gold offerings, provides a brushed texture with a subdued, yet sophisticated luster that plays to both minimalist and maximalist tastes", says Tavolini

AMETIS Faucets: Ametis faucets are available with an electronic LED colored light ring to indicate the changes in water temperature.

Designer: Davide Oppizzi
