House Of Magari's New Additions To Their Atelier

a delightful experience. Bofi combines the art of culinary finesse with exceptional carpentry craftsmanship to present an elegant range of luxury kitchens that exemplifies the beauty of modern living.

Magari's association with the international brand Mobilfresno, ultra-luxury furniture manufacturers use the latest technological processes of production, combined with the handcrafted approach in the treatment of the wood and attention to detail required during production and assembling processes.

The launch showcased a concrete table collection by Magari in association with Ashu Gupta, an artist who uses pen and ink as a medium of design. The inherent nature of how concrete develops its own characteristic texture as a material creating unique patterns open to interpretation as the surface of the moon.

Bofi kitchens, an international brand is exclusively available at the store. Blending functionality with design, and creative features that turn everyday cooking into

Musa, The Contemporary Sleek-Stone® Bathtub By Graff

Musa, the artistic and functional contemporary Sleek-Stone® bathtub, reflects a modern taste that enriches the dialogue with architects, stylists and designers working on interiors. Designed by the G+ Design Studio, Musa expresses a modern and refined taste. Soft lines, reminiscent of natural shapes, characterize both the bathtub and the coordinated washbasin.

The bathtub features an integrated overflow system and is the ideal solution to furnish any bathroom space. The bathtub and basin can be combined with all Graff faucet models, especially the Phase and Sade collections. The Musa collection is available in a gloss white or matte white finish.

Sans Souci Launches Its Bracelet Collection

A brand that combines dexterity and design, Sans Souci is here to fill your home with the dynamic beauty of glass and crystal. With their ever innovative luxury interior decoration features and light fixtures, the brand constantly offers exquisite creations that are sure to become a talking point at any social gathering.

The bracelet from their giant jewellery collection is no different. Inspired by the most stunning ornaments, they are gorgeously crafted jewelry hanging from your ceilings or walls, the bracelet.

The circular wrist ornament evolves into a geometric, yet gorgeous light fixture with a string of cut crystal beads held by a bracelet in glossy copper hue. The robust shape of the bracelet is inspired by polygons. A cloth screen with a shimmery copper finish forms the bracelet through which pass a curtain of cut crystal beads of different sizes, creating a magical waterfall effect. It is designed by Martin Lukacka.
